Rica,

I'm still looking into it. Perhaps we could have a LED only policy. Anyway, do you have the dimensions of the area?

I want to know how many containers would fit into that space.

Thank you.

Kind regards,

Thank you for the info.

Where does that leave us with regard to having some of the POC tenants use trade booth containers along the promenade?

Regards,

Rica

Subject: Power Supply for Containers

Rica,

I've reached out to the company and they could not give me an answer because they said that the containers have plugs but the amount of power they would use would depend on what gets plugged into them.
